

48496

CLASSIC WEAVER STYLE STEEL HANGUN MOUNT

⚠ WARNING: UNLOAD FIREARMS BEFORE INSTALLATION TO PREVENT SHOOTING ACCIDENTS.

INSTALLATION INSTRUCTIONS:

Includes:

Top mount steel base and (3) Base screws.

1. Remove rear sight from firearm. Consult your owner's manual on the correct procedure for removal of the rear sight.
2. Place base on top of receiver with the recoil lug positioned on the rear sight perch. Align holes in base with existing holes in receiver and insert screws.
3. Tighten screws equally until base is secure.
(NOTE: Weaver Optics recommends using thread locking compound to keep screws tight during recoil impulses.)
